In order to conserve space, your committee has deemed it wise to omit the usual detailed figures in the report on the Perpetual care and anyone interested may obtain them from the Treasurer. There are at the present time, 40 separate Perpetual care funds as follows: 1 \$300 fund; 1 \$250 fund; 5 \$200 funds; 29 \$100 funds; 4 \$50 funds.

At the present low rate of interest on securities that are permissible for investment, your committee finds it impossible to spend very much on care of lots.

We regret to report the loss of a very efficient member of your committee by the death of Mrs. Clara H. Kendall.

 ABBIE L. MORGAN,  
 Trustees of Trust Funds.

## DALAND MEMORIAL LIBRARY

Thirty-five years ago last August the Daland Library building was dedicated, and before that for several years the books had been moved from pillar to post, but serving the literary needs of the community as well as possible in spite of drawbacks and limited funds. Much progress has been made since then and we hope that the usefulness and importance of the library has increased with the wider scope of its facilities.

One hundred and thirty books have been added this year, including 20 from State Aid and donations from Mrs. George D. Kittredge, Emma C. Flint, Winthrop B. Wood, Mrs. Rasmussen, Miss Elizabeth Towne, Mrs. Edna Harvey, and Mr. and Mrs. W. C. Darby who also gave to the library a valuable large dictionary of a much later edition than ours. A friend of the library and of the children who patronize it has given the magazine Jack and Jill for their enjoyment, and each month it is eagerly awaited.

The Alice C. Parker fund has provided ten more books, and there is still a small amount to be expended, so this fund has been used to purchase books which otherwise would not come within our budget.

Mrs. Cecil F. Smith has given several picture puzzles for the use of those who care for them and the library is glad to serve as a distributing agent, having given pleasure to many with some given by Mrs. Bailey some time ago.

We welcome a wider use of the library and try to cater to varying tastes. Especially are we interested to arouse and foster a love of reading among the children and young people, and encouraged by State Aid, many new and attractive books for children are added during the year, and our purchases are made, having in mind also the needs of the High School pupils and

their book reviews.

Appreciation of any services or gifts of books or money voluntarily given to the library is hereby publicly expressed, and especially do we wish to give expression of gratitude to Mr. W. B. Wood, whose term as Trustee expired last March, for his years of service as a very efficient and competent Treasurer.

Continued and increasing patronage is solicited, as well as any suggestions that may improve the service we are able to render to the people of Mont Vernon.

Respectfully submitted,

RUTH S. ENDREJAT,

Librarian.

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Mont Vernon:

I herewith present my sixth report, the twenty-sixth in the series. I shall discuss but two topics; Teachers and Recommendations.

### Teachers

I need not remind you that the number of teachers is limited. That makes it all the more necessary that we appreciate those we have. Hence, you are doubly fortunate that so capable a person as Miss Viola Jenkins was found in your midst to continue the work of your school. Teachers are very reluctant these days, because of salary, living conditions, and remoteness from larger places, to accept positions in the smaller towns. Likewise they are seeking schools with less grades. All of these facts point to the difficulty of manning these rural schools. Therefore, you should feel all the more fortunate that Miss Jenkins is available and willing to assume the task. Miss Wheeler continues faithfully in the part-time music position. The need for people to train as teachers is very great. War-time birth rates are high. These children will soon be old enough for school. What, with more children and a smaller number of teachers, will be the result? Now is an excellent time for a young lady to train for an important post-war job, which gives security of employment at a more adequate salary than ever before. I urge you, perhaps in your own interests, to have your young people consider a teaching career.

### Recommendations

1. In order to attract teachers or even to pay them when they are available, an adequate salary scale should be developed. To be sure, another teacher is not needed while Miss Jenkins is available. But build

up the reputation that Mont Vernon pays well before a replacement is necessary. To assist you, I suggest the following:

1st year salary	2nd year	3rd year
\$1300	\$1400	\$1500

It should be recalled that the average salary of elementary women teachers last year was \$1244.56; of secondary women teachers \$1586.03. These figures will, without doubt, be more this year and still higher next.

2. Some money is carried on the books as a nucleus for the installation of more modern toilets. I would recommend for your study the possibility of installing a septic tank system which is a rather new type, is practically waterless, and does not use chemicals. On account of freezing conditions, this tank must be approximately three feet in the ground. Is the soil deep enough for this before striking a ledge? What effect on the drainage in the area would this system have? These, and probably others, are questions to be investigated.

I am very appreciative of the cooperation of the School Board and Citizens of Mont Vernon, and the faithful efforts of Miss Jenkins.

Very respectfully,

HAROLD C. BOWLEY,

Superintendent of Schools.

February 3, 1945.

## ANOTHER ENEMY TO CONQUER

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.

2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.

3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.

4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.

5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.
